18TH March 2020

Dear Valued Harveys customer,

We thought it appropriate to communicate with you at this difficult time.

If you are currently undecided about the impact the current virus situation is having on our business, please be reassured that we are taking every precaution to ensure that we are complying with Government guidelines in order to take the best care of you and our staff, while continuing to meet our customer needs.

Our phone lines and emails in boxes are open, should you wish to raise any particular questions with us.

We do, as a matter of course clean down our upvc products with a solvent cleaner that also acts as an effective sanitiser. We are also monitoring the health of our staff using an NHS approved symptom chart.

As I am sure you are aware, we are a small family run business, and we rely on our customers continued support in order to provide our valued team members and customers with a stable ongoing service.

On a slightly different note, as we have healthy, capable staff circulating around Leicestershire at the moment, if you have any needs or concerns yourself, or about a loved one, please let us know as we would be happy to call in / check up / deliver, or offer any support that we can.

Thank you once again for your continued support and take good care of yourselves

Regards

Sally Roberts
